**Housing** *First*

Includes A Rapid Re-Housing Module

A training series designed & facilitated by OrgCode

## Housing *First*

OrgCode Consulting Inc. is pleased to offer the Community Based Housing First Training Program that includes a special module on Rapid Re-Housing. Drawing upon years of practical experience, best practices and research from around the world, the training program is designed into three different streams for Novice, Intermediate and Advanced Housing First practitioners and policy makers.

The training program is organized into ten core subject areas:

1. Housing First Core Concepts
2. Service Orientation
3. Intensive Case Management
4. Brokering & Advocacy
5. Change Process
6. Case Planning
7. Housing and Landlords
8. Meaningful Daily Activities
9. Common Problems
10. Rapid Re-Housing

The training is facilitated over three days and can be provided for groups as small as four people or as many as 80 participants. A tailored version of the training is available for individual organizations or for participants from organizations across the entire community. The training is interactive and fully engages participants to ensure a clear understanding of Housing First and Rapid Re-Housing that can be applied immediately. Case studies, role playing and an infusion of local experiences are all integrated into the training. OrgCode has trained hundreds of Housing First practitioners with proven, sustainable results.

### **OrgCode also recommends:**

- A self-assessment survey for frontline staff and Team Leaders to gauge their understanding and application of the Housing First approach. The 190-question survey helps staff reflect on practice while informing supervisors on the specific areas to focus their attention.
- Using the Service Prioritization Decision Assistance Tool (SPDAT) to ensure that your clients are receiving the most appropriate housing and support services based on their acuity.
- An expanded 1-day Rapid Re-Housing workshop for experienced Housing First practitioners.
- Performance shadowing with frontline workers and entire teams within a community provides insights and opportunities for professional development, standards and opportunities for improved practice. ■
